# Equity Research Coverage Services to Listed Companies

Valuation & Research Specialists (VRS), with a research team of certified financial analysts, generates in-depth fundamental analyses - equity research reports for companies listed on the international capital markets.

The services are provided within the framework of the corresponding equity research practices followed by independent research firms in the international capital markets. The fundamental analysis of a listed company is comprised of the following sections:

1. Pillars of Growth & Activity
2. Investment Plan & Financing
3. Fundamental Performance & Financial Forecasts
4. Industry Data & Prospects
5. SWOT Analysis
6. Financial Analysis & Ratios
7. Valuation and Pricing Models

The equity research reports, upon agreement with the listed company, are distributed worldwide through the international platforms of Thomson Reuters, S&P's - Capital IQ and Factset. In addition, the reports are distributed by VRS to a wide investor audience internationally and are uploaded to the websites of VRS.

According to data from Thomson Reuters, an international equity research platform, the research reports of VRS are followed by a significant number of professionals from the largest international capital markets of the world. The VRS reports are read by portfolio managers and financial advisors from N. America, Europe, Asia and the Pacific, indicatively, from the United States, Britain, Germany, France, Switzerland, the Netherlands, Italy, Hong Kong and Australia among others.

---

The service is provided to companies listed on stock exchanges or to interested institutional and retail investors.

The service refers to the preparation of an in-depth equity research report (coverage of listed company) for a charge of 1,000 euros before VAT. [Service of Initial Coverage \(1 Report\)](#)

The service of initial coverage of the listed company through an in-depth equity research report may be extended to the preparation of 3 additional flash notes, followed by the announcement of the interim financial statements of the listed company. This service is provided by annual subscription, 1,500 euros before VAT. [Service of Full Coverage \(4 Reports\)](#)
