## **Greek Market Deal Transactions Data by VRS on Bloomberg**

Data about Greek Market Deal Transactions, Mergers & Acquisitions for the period 2015 - 2016 were uploaded on Bloomberg Terminal. The data were collected and presented by VRS in collaboration with the Finance Club of University of Macedonia.

The Finance Club of University of Macedonia is an independent student organization founded by students of UoM ([www.uom.gr](http://www.uom.gr)) that aims to build strong relations between the market and the University. The goal of the Finance Club is to give its members the chance to view the market in a more practical approach rather than the abstract knowledge offered by the university. In order to achieve this goal, it organizes various events like conferences, workshops and seminars.
